2026
Quark systems co. ltd

Unity Developer

Developed a 3D logistics cargo packing simulation in Unity, using C# to program object behaviors and process data from a calculator application.

2026
Quark systems co. ltd

Application Developer

Using Python and Paddle OCR to developed OCR application, And use N8N to make automation data stored workflow.

2026
Quark systems co. ltd

Hardware

Rack server steup and SQL logshipping.

2025
Sripathum University

Application Designer

Designed and implemented a User Profile UI and Navigation system with React Native and JavaScript.

2025
Sripathum University

Hardware

Designed and implemented a User Profile UI and Navigation system with React Native and JavaScript.

PROGRAMMING LANGUAGE

- Python
- C#
- HTML
- CSS
- JavaScript

HARD SKILL

- Unity
- JetBrain Rider
- Arduino
- SQL Server
- Android Studio
- React Native

SOFT SKILL

- Math
- Adaptability
- Communication
- Teamwork
